Re: Paul James Marfice, et al. vs. A.P. Green Industries, Inc., *et al.*; Jackson County, Missouri; Case No. 99-CV-206658, Division 14

Dear Steve:

Per your request, attached is a copy of a 1968 formula code for Dramex powdered texture paint.

Bondex only used chrysotile asbestos fibers in the manufacture of its asbestos-containing products, and it is my understanding that Dramex powdered texture paint never contained more than 7.30% asbestos.

Finally, Bondex does not believe that it ever distributed powdered texture paint to J.C. Penney at any time.

With kind regards, I am

Sincerely,

BOWERS ORR & DOUGALL, L.L.P.

W. Jones Andrews, Jr.
