Mr. Henry Thompson
Room 108
Harvard Medical School

My dear Mr. Thompson:

According to Dr. Aub, the budget for the Lead Fund shows
a total appropriation of \$23,100, which is divided as follows:

Salaries	\$6900.	
Services and Wages	10000.	
Equipment	1150.	
Supplies	1500.	
General Expenses	<u>3550.</u>	23,100.00

Our budget sheet for the Lead Fund, on the other hand,
shows a total appropriation of \$17,000, divided as follows:

Salaries	\$6900.	
Services and Wages	5050.	
Supplies	1500.	
General Expenses	<u>3550.</u>	17,000.00

Can you give me a written statement accounting for this
discrepancy between Dr. Aub's accounts and ours? I am very
anxious to have our budget sheets absolutely correct, and
shall appreciate your help to make them so in this instance.

Very sincerely yours

Susan C. Lyman
