Bulletin

NO: OH 86-2

Date: September 9, 1986

To: HS & ES Bulletin Distribution

From: T. P. Rancour

Subject: Asbestos Compliance Program - Action Items

RECEIVED

SEP 11 1986

K. W. MACON

The attached provides final revisions to Asbestos Compliance Program action items for your review and implementation. Action items cover the following specific areas:

- o Asbestos Hazard Warning Labels
- o Designation of Regulated Areas
- o Respirator Requirements
- o Protective Clothing/Change Room Requirements
- o Housekeeping Programs
- o Asbestos Monitoring Requirements

While certain portions of the June 20, 1986 OSHA asbestos standard have been stayed pending review by the Office of Management and Budget (OMB), the attached represents our internal asbestos compliance program guidance and is applicable to all asbestos-involved operations.

Additional guidance concerning engineering controls, asbestos medical surveillance programs, employee training and recordkeeping are forthcoming.

A handwritten signature in cursive script that reads 'T. P. Rancour'.
