IMPORTANT

Order Brake Shoe Sets by Numbers as shown in Specifications listed in this Catalog. Do not use F.M.S.I. Lining specifications as in many instances Brake Lining Sets and Brake Shoe Numbers are not the same.

All F.M.S.I. Numbers appearing in this Catalog are the property of and are copyrighted by the Friction Materials Standards Institute, New York City, New York.

BRAKE SERVICE REFERENCE MANUAL

The most complete reference manual on brake service. This is a "must" for all brake service shops. Explains what to look for and how to correct brake problems on all types of braking systems. See your Grizzly Distributor or write Grizzly Brake Division.

THE STOP SIGN THAT STARTS SALES

7 1/2 feet tall and 4 feet wide, handsome 3 color baked enamel finish. Draws business into your shop. Promotes brake service, muffler installation and engine tuneup. Turns "traffic" into "customers". Big and strong, angle iron frame and legs, this sign is 4 times steadier than ordinary "A" signs. See your Grizzly Distributor about one of these signs today.
