there would have been --

A Seven liters.

Q -- seven liters. Okay.

Now, I believe you also testified that in May of 1981 you removed additional fluid from Mr. Vandergucht; is that correct?

A That is correct.

Q I am showing you Carroll County General Hospital emergency services note dated 5-1-81, and does that indicate how many ccs of fluid you removed from Mr. Vandergucht on that date?

A 7,000 ccs.

Q Another 7,000 and, therefore, that would be another seven liters; is that correct, Doctor?

A That is correct.

Q Now, in addition, I believe you told us that in June you removed fluid from Mr. Vandergucht, June 16th of '81; is that correct?

A That is correct.

Q Approximately how many liters did you remove at that time?
