Dear Les:

Since the Sprayed Mineral Fiber Manufacturers Association is being an integral part of the meeting to be held in New York City, I feel the VI could reinforce our ranks. This is with regards to the new rules being put into effect by the Board of Standards and Appeals.

I will leave Monday Evening May 27 for the meeting to be held on May 28. If you wish I will have John Ottinger make a reservation for you at the same hotel I will be at for Monday Night.

Please advise.

Sincerely,

ZONOLITE DIVISION
