side because there was a front end machine all the way on the end. I am talking on 25th Street.

Q Right, right.

Would there be auto mechanics working in all of those bays?

A Yes.

Q Could you -- I am sorry.

A Mr. Grewe, rest in peace, he gave me like two, three bays sometimes because I was waiting for parts for one and he told me Joe, go to the other side and work on this one or do this one, help me with this one.

He was the top of the line man, again, I repeat it, and he told us what to do.

Q How many mechanics would have been working at 25th Street?

A There was four to five mechanics.

Q Four to five or four or five?

A Right, right. Depends on the time. Sometimes they don't come, sometimes they come.

Q And were all of those mechanics doing brake
