

1 Detroit, Bureau of Industrial Hygiene for the
2 better part of the year and then returned full
3 time to graduate school at Wayne State
4 University in Detroit in occupational
5 environmental health. Received my Master's
6 degree in 1966.

7 Stayed on at Wayne State University
8 and got my doctorate in pharmacology and
9 physiology in 1968.

10 Went to the University in 1968
11 through 1969 in with, as post doc in
12 occupation -- let's see what was it called? --
13 the interdepartmental program in toxicology,
14 the School of Public Health.

15 1969, August, Septemberish, I took a
16 job with the National Academy of Scientists in
17 the Office of Toxic Substances in
18 Washington, D.C.

19 1972, I went to work with the United
20 States Environmental Protection Agency in
21 Washington, D.C., and then in late '73,
22 November of '73, I went to Ford to run their
23 toxicology program.

24 Q Okay. Through your, through your
25 education, when is the first time you recall
