Dear Dr. Magnuson:

In reply to your letter of October 19, neither B. Milmo nor J. M. Heard should be included in the study. Mr. Milmo worked in vinyl acetate production and as you know these production people were eliminated from the study. Mr. Heard did not have sufficient time in the unit to warrant use in the study.

If I may be of further help to you please let me know.

Very truly yours,

R. E. Joyner, M. D.
