Price List

The Sherwin-Williams Carriage Varnishes.

THE S-W. PALEST DURABLE BODY VARNISH.

This is the highest grade of pale finishing varnish made. It is very free working, and under favorable conditions dries dust free in 8 to 10 hours, and hard in 2 to 3 days.

Price per gallon, in one gallon cans.... \$6.00

THE S-W. MEDIUM DRYING BODY VARNISH.

Is the most durable finishing varnish on the market. Not quite as pale as the above but more elastic and easier working. While a trifle quicker in drying, the difference is not noticeable in actual work. It dries dust free in 8 to 10 hours, and under favorable conditions becomes hard in 36 to 48 hours.

Price per gallon, in one gallon cans \$5

THE S-W. PALE-CARRIAGE VARNISH.

The highest grade of pale elastic varnish suitable for running parts. Will stand the vibration and wear to which varnish for such a purpose is subjected and can also be successfully used on bodies. It is an excellent all-round varnish for use in shops doing the highest grade of repair work. It dries dust free in from 6 to 8 hours and becomes hard in 2 days.

Price per gallon, in one gallon cans.... \$5

THE S-W. ELASTIC GEAR VARNISH.

A high grade gear finishing varnish which is free working, lustrous and durable. While very elastic, it dries sufficiently hard to withstand the severe usage to which it will be subjected. It dries out of dust in from 6 to 8 hours and hard in 48 hours. It is less sensitive to local conditions than any similar varnish on the market.

Price per gallon, in one gallon cans.... \$4.60

THE S-W. ONE COAT CARRIAGE VARNISH.

This is a very easy working and moderately quick drying finishing varnish. It is excellent for general repair work and will dry dust free in 8 to 10 hours and hard in 48 hours.

Price per gallon, in one gallon cans.... \$8.60

THE S-W. PALE RUBBING VARNISH.

A very pale rubbing varnish suitable for use on light colored work and natural wood finish. It will prove satisfactory where a slow and hard drying rubbing is desired. Dries free from dust in 6 to 8 hours and is ready to rub in 4 days.

Price per gallon, in one gallon cans.... \$4.50

THE S-W. MEDIUM RUBBING VARNISH.

A high grade rubbing varnish although not so pale as the preceding. It dries dust free in 6 to 8 hours and can be safely rubbed in three days.

Price per gallon, in one gallon cans.... \$3.75

THE S-W. QUICK RUBBING VARNISH.

Is as quick as a rubbing varnish should be and still retain its full measure of durability. It will dry dust free in 6 to 6 hours, may be rubbed in 2 days, and under favorable conditions in less time. Price per gallon, in one gallon cans.... \$2.70

THE S-W. GEAR RUBBING VARNISH.

Somewhat darker than Quick Rubbing but will be found a good rubbing varnish for moderate priced work. It dries out of dust in 6 to 8 hours and under favorable conditions can be rubbed in 24 hours. Price per gallon, in one gallon cans.... \$2.35

THE S-W. JET BLACK BODY RUBBING VARNISH.

Is the most intense jet black body rubbing varnish manufactured. It is extremely free working and can be laid off on the largest panels before setting. Dries free from dust in 6 to 8 hours with a sharp lustre and can be rubbed in 8 to 4 days. Jet Black Body Rubbing settles but slightly and does not become brittle. Price per gallon, in one gallon cans.... \$4.

THE S-W. JET BLACK QUICK RUBBING VARNISH.

Has all the characteristics of Jet Black Body Rubbing, but can be rubbed in 24 to 86 hours without danger of sweating. Price per gallon, in one gallon cans....

THE S-W. WAGON COACH VARNISH.

A good finishing varnish for wagon and other cheap repair work. It dries dust free in about 8 hours and hard in 24 hours. Is rather pale in color, free working and dries with a fine lustre. Price per gallon, in one gallon cans....

THE S-W. GOLD SIZE JAPAN.

This is a superior article, very economical owing to its strength, and perfectly safe to use with any mixture. It is a binder which can be used with delicate colors without injury to them. It will properly harden rough stuff and facilitate the drying of all undercoats. It is safe and certain.

Price per gallon, in one gallon cans.... \$3.50

THE S-W. COACH PAINTERS' JAPAN.

This is specially prepared for coach painters' use. It is a thoroughly reliable article for the preparation of all under coatings. It will be found economical and always uniform.

Price per gallon, in one gallon cans.... \$2.25

THE S-W. DRYING JAPAN.

A reliable article at a moderate price designed to meet the needs of the coach and carriage painter. Well adapted for use in repair shops.

Price per gallon, in one gallon cans.... \$2.00

THE S-W. ENAMEL LEATHER DRESSING.

For brightening up and refinishing tops that have become worn. It gives a rich black finish and a soft, durable lustre. It increases the flexibility and elasticity of old leather and can be used with great satisfaction on rubber. It dries free from dust over night.

Price per gallon, in one gallon cans.... \$2.70

THE S-W. EXTRA PALE BODY RUBBING VARNISH.

This is a fancy grade of body rubbing, particularly adapted for use over light-

est colors where highest grade of work is done. It is extra pale in color, dries dust free in 6 to 8 hours and is ready to rub in 4 days.

Price per gallon, in one gallon cans.... \$5.00

THE S-W. WHITE RUBBING VARNISH.

A brilliant, almost colorless rubbing varnish for use on hearses, white delivery and other delicate colored work. It dries dust free in 6 to 8 hours and can be rubbed in 4 days.

Price per gallon, in one gallon cans.... \$4.00

**The Sherwin-Williams
Six Big Varnish Specialties.**

A good old fashioned varnish. It is an all-around painters' varnish, without exception the best one sold. There is no varnish anywhere near its price which equals it. It is durable and elastic, working freely and easily under the brush. It is free from "deviltries" and can always be depended upon to give absolute satisfaction. It can be used inside as well as outside. For outside work, doors, boats, carriages, etc; and for inside work in bath-rooms, kitchens or on inside blinds it will give absolute satisfaction. Kopal will wear well under the most severe exposure. It will dry dust free in from 8 to 10 hours and becomes thoroughly hard in two days. It has won immense popularity strictly upon its merits.

Price per gallon, in one gallon cans....

This is a varnish leader for interior use only. It is superior to any hard oil finish, and is excellent for all high grade finishing and general varnishing around the house. It is pale in color and can be used on the finest and most delicately grained woods. Excello produces a high and lasting gloss which does not easily mar or scratch. It does not pull under the brush and flows out smoothly, drying dust free in about 6 hours and hard in 18 hours. It can be rubbed and polished after 48 hours. Excello is another leader which has won immediate popularity upon its merits.

Price per gallon, in one gallon cans.... \$2.25

Intended for use on steamships, yachts, boats, canoes, outside doors, store fronts, bath-rooms, kitchens, etc. It will stand severe exposure to salt spray or other moisture longer than any varnish made. Dries free from dust in from 8 to 10 hours and hard in from 26 to 48 hours.

Price per gallon, in one gallon cans.... \$4.50

A perfect floor finish. It is tough, elastic and under foot wear will not scratch or mar. It is also suitable for linoleum, oil cloth, etc. It works well, flows out evenly under the brush and dries with a tough, wear-resisting gloss. It dries dust free in about 8 hours and can be walked on the next day. It becomes thoroughly hard by the second day.

Mar-not should be applied directly to the wood. Shellac or liquid fillers should never be used under it. Mar-not is another specialty which has won deserved recognition and is unquestionably the best floor varnish made.

Price per gallon, in one gallon cans.... \$2.75

The Master Painters' Dryer. A strong, reliable, economical and uniform dryer. It mixes readily with oil, and will not curdle or separate. Will not burn the paint or cause surface drying.

Price per gallon, in one gallon cans.... \$1.75

A specialty made for first coating on interior woodwork (floors excepted). Shellacine is light in body, and consequently easily applied. It does not depend upon its filling qualities but absolutely seals the surface so as to prevent absorption. It should be only lightly sanded. Shellacine will not settle hard nor become gummy in bottom of package.

Price per gallon, in one gallon cans.... \$1.75

The Sherwin-Williams House Painters' and Decorators' Varnishes!

THE S-W. FINEST WHITE ENAMEL VARNISH.

Suitable for the very finest enamel work. It is the palest varnish that can be made from hard gum. It mixes perfectly with zinc and an enamel made with it can be hand polished in 4 days.

Price per gallon, in one gallon cans.... \$5.00

(See Six Big Varnish Specialties, p. 11.)

THE S-W. MARINE VARNISH.

An excellent varnish for all around use on canoes, boats, yachts and steam boats. Exposure to water will not turn it white. It is free working, elastic and durable. Dries dust free in 10 hours and hard in 36 hours.

Price per gallon, in one gallon cans.... \$3.60

THE S-W. DURABLE WOOD FINISH (EXTERIOR).

It will stand the severest outside exposure and is not affected by weather or sun. Will not turn white nor lose its gloss and is extremely durable. It is the very best varnish for store fronts, doors, stairs, etc. It dries out of dust in 10 hours and hard in 48 hours.

Price per gallon, in one gallon cans.... \$4.50

THE S-W. DURABLE WOOD FINISH (INTERIOR).

The most durable and lasting interior finish that can be produced. It is not affected by steam or water and will wear with perfect satisfaction in bathrooms, kitchens or laundries. It is very transparent and gives to the finest woods a desirable depth and richness of finish. It is exceedingly easy and smooth working. It dries dust free in about 6 hours with a rich lustre. It can be rubbed down and hand polished in 48 hours. To get the best results, use the varnish itself thinned slightly with turpentine, for first coat only.
Price per gallon, in one gallon cans.... \$3.00

(See Six Big Varnish Specialties, p. 11.)

THE S-W. CRYSTAL PAPER VARNISH.

An extra fine quality of colorless varnish. Prepared expressly for wall paper, bathroom walls, etc. It can also be used for producing white finish on wood work.

Price per gallon, in one gallon cans.... \$3.00

THE S-W. FINEST WHITE DAMAR VARNISH.

Made from pure Batavia Damar Gum. It is water white and will not discolor the most delicate shades of paint.

Price per gallon, in one gallon cans.... \$3.00

THE S-W. NO. 1 DAMAR VARNISH.

Similar to the above but not quite so light in color.

Price per gallon, in one gallon cans.... \$3.00

THE S-W. HARD DRYING OAK VARNISH.

A hard drying varnish for inside use. Especially suited for church and school furniture and similar work. It has a good lustre, dries without tack and will not soften under heat. It dries out of dust in 6 hours, hard in 86 hours and can be rubbed and polished if desired.

Price per gallon, in one gallon cans.... \$2.70

THE S-W. CABINET RUBBING VARNISH.

For under coats on interior work where a rubbed finish is desired. Dries dust free in 6 to 8 hours and rubs in 24 hours.

Price per gallon, in one gallon cans.... \$2.25

THE S-W. HARD OIL FINISH (PALE).

A very easy working varnish for inside use. Pale enough in color to use over the very lightest woods. Dries dust free in 6 to 8 hours and hard in 24 hours. Rubs well and produces a fine finish.

Price per gallon, in one gallon cans.... \$2.25

THE S-W. HARD OIL FINISH.

This is the same as above but slightly darker in color. It is suitable for all ordinary woods. Dries dust free in from 6 to 8 hours, hard in 24 hours and can be rubbed to a fine finish.

Price per gallon, in one gallon cans.... \$2.10

THE S-W. PREMO HARD OIL.

Is easy working and dries with a brilliant lustre in from 4 to 5 hours. It dries hard enough to rub in 24 hours.

Price per gallon, in one gallon cans.... \$1.65

THE S-W. NO. 1 COACH VARNISH.

A good drying, elastic and brilliant varnish for interior use. Will dry dust free in 6 hours and hard in 36 hours. Price per gallon, in one gallon cans.... \$2.00

THE S-W. PREMO COACH VARNISH.

A quick drying and easy working coach varnish for interior use. Dries out of dust in 4 to 5 hours and hard in 24 hours. Price per gallon, in one gallon cans.... \$1.00

THE S-W. INTERIOR COACH VARNISH.

An especially easy working inside varnish. Dries with a high lustre in 24 hours. Price per gallon, in one gallon cans.... \$1.00

THE S-W. EXTRA FURNITURE VARNISH.

A reliable varnish for furniture and inside use. It dries dust free in 6 hours, hard in 24 hours and can be rubbed. Price per gallon, in one gallon cans.... \$1.00

THE S-W. NO. 1 FURNITURE VARNISH.

A safe varnish for furniture and general inside use. Is medium in color, easy working and quick drying. It dries dust free in 4 hours, hard in 24 hours and can be rubbed. Price per gallon, in one gallon cans.... \$1.00

THE S-W. PREMO FURNITURE VARNISH.

A good, easy working varnish. Price per gallon, in one gallon cans.... \$1.00

THE S-W. LIQUID FILLER.

A superior quality for first coating on interior wood work (floors excepted). A satisfactory substitute for shellac. It sands to a perfect finish for subsequent varnish coats. Price per gallon, in one gallon cans.... \$1.50

SHELLAC (See the S-W Six Big Varnish Specialties, p. 12.)

THE S-W. FIRST QUALITY BRONZING LIQUID.

A bronzing liquid of the highest grade, possessing no offensive banana-like odor. Is intended to use with the finest bronzes. Price per gallon, in one gallon cans.... \$2.25

THE S-W. NO. 2 BRONZING LIQUID.

A very satisfactory article and, like the foregoing, is free from any objectionable odor. Price per gallon, in one gallon cans.... \$1.50

**The Sherwin-Williams
Dryers and Japans.**

THE S-W. GOLD SIZE JAPAN.

(See The S-W Carriage Varnishes, p. 9.)

THE S-W. COACH PAINTERS' JAPAN.

(See the S-W Carriage Varnishes, p. 9.)

THE S-W. OXOLENE DRYER.

Is the product of thirty years' experience. It possesses exceptional drying qualities. One gallon will dry twenty gallons of raw linseed oil, perfectly. It mixes readily with oil or varnish without curdling or separating. It will not cause cracking, but improves the working qualities and durability of paint in which it is used.

Price per gallon, in one gallon cans.... \$1.25

(See S-W Six Big Varnish Specialties, p. 12.)

THE S-W. JAPAN DRYER.

A strong, economical dryer.

Price per gallon, in one gallon cans.... \$.95

THE S-W. FINEST TURPENTINE ASPHALTUM.

A strictly pure turpentine asphaltum. Made from finest black asphaltum and pure spirits of turpentine. The best Asphaltum Varnish that can be produced.

Price per gallon, in one gallon cans.... \$1.

THE S-W. NO. 1 ASPHALTUM.

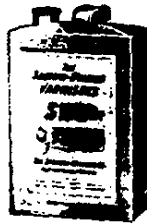

A very good and easy working black varnish.

Price per gallon, in one gallon cans.... \$1.

THE S-W. PRENO ASPHALTUM.

A reliable, heavy bodied black varnish at a popular price. When thinned with benzine it will successfully compete with black varnish sold at a much lower price.

Price per gallon, in one gallon cans.... \$

Confidential Price List

For confidential use of salesmen only.

Special prices to consumers of manufacturers goods. These prices are not intended for dealers and will not be recognized for that trade.

"A" prices are bottom to largest buyers for the size package indicated.

"B" prices are for medium to large buyers.

Smaller buyers should always be sold at an advance of 10 to 25 per cent over "B" prices, depending on their consumption.

"A" and "B" are *net* and not subject to discount.

All prices named are *f. o. b. factory*.

Where necessary to sell goods delivered, freight must be added *from factory to delivery point*.

If necessary to make any concessions, write or wire your manager for instructions.

VARNISHES.

For Consumers and Manufacturers.

Fine Pale Rubbing and Polishing Varnish. 0102

A high quality, good working varnish of medium color and body which will dry dust free in 6 to 8 hours and hard in 24 to 36 hours. Can be rubbed in 4 days and polished in 7 days.

Fine Rubbing and Polishing Varnish. 0104

This is an exceptionally easy and free working varnish suitable for finest work. It dries dust free in 5 to 6 hours and hard in 24 hours. It can be rubbed in 3 days and polished in 4 days. It is medium in body and medium dark in color.

Hard Drying Rubbing and Polishing Varnish. 0105

A free working and flowing varnish which dries out of dust in 4 to 5 hours, dries hard in 24 hours, can be rubbed in 36 to 48 hours and can be polished in 3 to 4 days. Of medium body but rather dark in color. On account of its hard drying character, it will rub and polish to an excellent surface.

Best Top Finish. 07

This is a most excellent varnish for bar tops and similar surfaces, subjected to severe wear. It will not mark under the action of alcohol or water, except after an extended time. It is medium light in color and medium in body. Dries free from dust in 8 to 10 hours and hard in 24 to 36 hours. It can be rubbed in 2 days and polished in 3 days.

Cabinet Rubbing Varnish. 055

An exceptionally rubbing, medium in body and color, which dries dust free in 6 to 8 hours and becomes hard in 24 hours. Can be rubbed in 36 to 48 hours and polished in 4 to 5 days. Can be successfully used on panels of fine cabinet work.

Furniture Rubbing Varnish. 038

This is medium in body, rather dark in color and dries dust free in about 6 hours, hard in about 24 hours and under favorable conditions can be rubbed in 1 day and polished in 3 days. When color is not of first consideration, this is an excellent quality for good grade work.

Premium Rubbing Varnish. 055

Is an easy working, quick rubbing varnish which sets out of dust in 6 hours, dries hard in 24 hours and can be rubbed and polished in from 36 to 48 hours. It is medium in body and color.

Extra Furniture Varnish. 056

Is medium in color and body, has good flowing and easy working qualities, dries dust free in from 6 to 6 hours and hard over night and can be rubbed the second day. It is very satisfactory for use on chair seats and general furniture work.

No. 1 Furniture Varnish. 057

A good working varnish which sets out of dust in 4 to 5 hours and dries hard enough to rub in 6 hours. It is medium in color and medium light body.

Promo Furniture Varnish. 0160

This varnish is light in body, medium light in color and dries out of dust in 3 to 4 hours, hard in 6 hours and can be rubbed. Will be found satisfactory for cheaper grades of work.

Furniture Flowing. 0161

An easy working varnish with excellent flowing qualities, being well adapted for use on table tops on medium grade of finish and for general work. It dries free from dust in 6 to 8 hours where necessary, can be rubbed in 24 hours.

Hard Oil Finish (Pale.) 0162

A very easy working varnish for inside use, enough in color to use over the very lightest. It dries free from dust in 6 to 8 hours and can be rubbed in 24 hours. It is medium in body. It is medium pale in color.

Hard Oil Finish. 0163

Same quality as above but slightly darker color. It is suitable for all ordinary work. It dries free from dust in 6 to 8 hours, becomes hard in 24 hours and can be polished the second day.

Premo Hard Oil.

014

A good flowing and easy working varnish, suitable for general furniture and interior work. It is light in body, medium in color, and dries out of dust in about 6 hours. It becomes hard and can be rubbed in 24 hours.

Liquid Filler.

500

A superior quality for first coating on interior wood work (floors excepted.) It is a satisfactory substitute for Shellac and sands to a perfect finish for subsequent varnish coats.

Shellacine.

46

A specialty made for first coating on furniture and interior wood work (floors excepted.) Shellacine is quite thin and consequently easily applied. It does not depend upon its filling qualities but absolutely seals the surface thus preventing absorption. It requires but little sanding and is therefore a labor saver. It will not settle hard nor become gummy in bottom of package.

First Center.

0213

A varnish under-coating prepared especially for use as a first coat on good and medium grade furniture work instead of grain Shellac. Is light in body and medium in color. Dries out of dust in 4 hours and hard in 24 hours. Under favorable conditions it can be sanded in 24 hours without gumming up.

Special Chair Varnish.

0107

An easy working, low priced varnish, light in body and medium in color. It sets dust free in about 4 hours and dries hard in 24 hours with a full lustre. Can be reduced and successfully used for dipping.

Pale Red Flowing Varnish.

0203

An extra pale varnish for use on finest reed and willow work. Is free working and flowing and will not clog in the mesh. Dries out of dust in 2 to 3 hours and hard enough to handle and wrap in 24 hours.

Red Flowing Varnish.

0205

Of similar quality to the foregoing except that it is not so pale in color.

Reed Varnish.

While not so pale as the foregoing grades still it is sufficiently light to enable its use on general reed and willow work of medium grade. Possesses the necessary free working and flowing qualities. Dries free from dust in 2 to 3 hours and hard enough to shine in 24 hours.

Maple Piano Polishing Varnish.

The very highest grade of pale polishing varnish suitable for finest light woods. Is unapproached in color by other makes. It will set free from dust in about 6 hours. Dries hard in about 24 hours and can be rubbed and hand polished in 4 days.

Fine Piano Polishing Varnish.

The highest grade polishing varnish possible make for all piano work, maple and lightest woods excepted. Has excellent working and flowing qualities and is medium in body and color. It dries free from dust in from 6 to 8 hours and becomes hard about 24 hours. It can be rubbed in 3 to 4 days and hand polished in from 6 to 7 days.

Organ Rubbing Varnish.

A medium bodied good working varnish for organ and panel work. Dries dust free in 6 hours. Dries hard in 24 hours, rubs in from 24 to 48 hours and also be polished within the same time. It is dark in color.

Finest Piano Flowing Varnish.

A most excellent flowing varnish for finest work where quality of finish is of fine consideration. Dries free from dust in 6 to 8 hours, hard in from 24 to 48 hours and under favorable conditions can be rubbed in 2 to 3 days.

Pale Agricultural Coach Varnish.

A very free working, pale varnish for body which dries dust free in 8 hours and hard in 24 hours, with a fine lustre. Bears outside exposure.

Agricultural Coach Varnish.

A free working, pale varnish of medium body which dries dust free in 8 to 10 hours and hard in 24 hours with a good lustre. Successfully stands test.

Implement Coach Varnish.

A pale, free working varnish, medium light in body. It dries dust free in 8 to 10 hours and hard in 36 hours, with a good lustre. Where desired can be reduced and used for dipping. It is very light in color.

Wagon Finishing Varnish.

A pale easy working and durable varnish, is medium in body, dries dust free in about 8 hours and hard in from 36 to 48 hours. It has a good lustre which stands up well.

Finest White Enamel Varnish.

The palest varnish that can be made from hard gum. It is suitable for the very finest enamel work. It mixes perfectly with zinc and an enamel made from it can be hand polished in 4 days.

Crystal Paper Varnish.

An extra fine quality of colorless varnish prepared especially for wall paper, bathroom walls, etc. It can also be used for producing white finish on wood work. It dries out of dust in 3 to 5 hours and becomes as hard in 24 hours as is possible for a varnish of this character.

Finest White Damar Varnish.

This is made from pure Batavia Damar Gum. It is a water white and will not discolor the most delicate shades of paint. It dries out of dust in from 3 to 5 hours and becomes as hard in 24 hours as its nature will permit.

Damar Varnish.

Similar to above but not quite so light in color.

Gun Varnish A.

A free working varnish adapted for general shop fitting uses. It is medium dark in color and light in body. Dries free from dust in 8 hours and hard in 36 to 48 hours. It is elastic and will not cause brittleness in mixtures with which it is used.

Mixing Varnish B. 068

This is a free working varnish which will mix well with other liquids. It is dark in color, medium in body and dries free from dust in 5 hours and has in 24 hours. On account of its quicker drying quality it is not so elastic as the foregoing.

Oxolene Dryer. 031

The description in the UV gives accurate data regarding Oxolene Dryer.

Extra Japan Dryer. 067

A strong reliable dryer that mixes perfectly with oil and will not curdle and separate.

Japan Dryer. 033

A heavy bodied drier of excellent value at price asked.

Finest Turpentine Asphaltum. 09

The highest quality Asphaltum varnish that can be made. It is very elastic. It does not contain benzine.

No. 1 Asphaltum. 073

An excellent quality of black varnish, but what less elastic than the above. Has less body and can be reduced.

A Asphaltum. 022

A heavy bodied black varnish, which thinned with benzine in such proportion as to fully compete with the cheap asphaltums now on the market at prices.

Ajax Insulating Varnish Clear. 078

For perfectly insulating dynamos, motors and other electrical equipment. Successfully resists contact with moisture, oils, etc., and stands high voltage without breaking down. Does not become brittle and prevents forming of verdigris on more than any other made. For full description see B-23 booklet.

Ajax Insulating Black.

074

The highest grade insulating black possible to make. It dries without becoming brittle and is unaffected by moisture, oils, gases, etc., and will not leak under high voltage. Verdigris will not form underneath it. It is especially recommended for repair and armature work. For full description see B-23 booklet.

Waterproof Varnish.

0244

1st Q. and Special Colors in Oil and Japan.

In fact, a very large proportion of the Manufactur-
ing Trade of the country use paints; some very
largely, and as the aggregate purchase is very great, we
should see to it that we do ourselves and the Company
we represent credit by getting at least our rightful
share of the business.

PASSENGER EQUIPMENT.

THE SHERWIN-WILLIAMS METHOD FOR SURFACING PASSENGER COACHES.

PUT UP IN 1 GALL. CANS.

	PER
4596 The S-W. Co. Car Primer.....	2.45
4598 The S-W. Co. Car Surfacer, Dark.....	2.45
4597 The S-W. Co. Car Surfacer, Light.....	2.45

The Primer is for first coat on new wood or burnt off cars. It should be allowed to stand two days, on the second of which the car may be puttied. It should be thinned with a half pint of turpentine to the gallon of Primer for burnt off work or on metal surfaces. Three coats of Surfacer should be applied, with a day for each coat. Use Surfacer Dark under reds, greens and all dark colors; Surfacer Light under yellows and light colors.

Sanding Surfacer Light.....2.45

Sanding Surfacer Dark.....2.45

For use where sandpaper is used instead of rubbing stone for getting a surface. Manner of application, time of drying, etc. same as with regular Surfacer.

STANDARD CAR BODY COLORS. QUICK DRYING.

	PRICE PER LB. Q. D.	PRICE PER GAL. VARNISH.
2057 Pullman, Old.....	2.25	2.57
2058 Tuscan Red.....	2.25	2.57
2024 Orange, (Big 4).....	2.25	2.57
4774 Vanderbilt Lines Standard.....	2.25	2.57
2026 Royal Blue, (B. & O.).....	2.25	2.57

141 Permanent Tuscan Red.....	2.25	2.57
2034 Chrome Yellow M/S.M.....	2.25	2.57

Standard Car Body Colors are maintained absolutely uniform in shade and quality. They will take more turpentine to the pound of color, spread further and cover better than any other colors made. Unlike japan colors of other makes, they do not require the addition of oil or turpentine as a binder. We therefore recommend that they be thinned for use with pure spirits of turpentine only.

THE SHERWIN-WILLIAMS RAILWAY VARNISHES.

	PRICE PER GAL.
Finest Durable Railway Varnish.....	2.22
For finishing coats on cars. This varnish is very durable. It flows out smoothly and evenly and dries with a rich full gloss. Is pale in color.	
Durable Railway Body Varnish.....	2.23
For finishing coats on cars. A little quicker and harder drying than the above, it is nevertheless exceedingly durable and will give entirely satisfactory results.	
Finest Durable Railway Rubbing Varnish.....	2.24
For under-coats on cars. Tough and durable. Dries hard so that it can be rubbed in three days without sweating.	
Durable Railway Rubbing Varnish.....	2.25
For under-coats on cars. Works easily, hardens so as to rub in two days.	
Durable Inside Railway Varnish.....	2.26
For interiors of cars. A pale varnish. Dries and hardens quickly and with a full gloss. Can be rubbed. For best results use over The Sherwin-Williams Filler.	
Durable Locomotive Finishing Varnish.....	2.27
A clear varnish for finishing coats on locomotives. Made of carefully selected materials. It is of great durability, flows out evenly under the brush, and dries with a rich, full lustre.	
Gold Size Japan.....	2.28
This is a superior article, very economical owing to its strength and is perfectly safe to put in any mixture. It is a binder that can be used with delicate colors. It will facilitate the drying of all under-coats. It is the best possible size for gilding. Safe and certain.	
Coach Painters Japan.....	2.29
For drying and hardening paints and colors. Especially adapted for the use of car painters. A thoroughly reliable article.	
Coach Japan.....	2.30
For use in oil colors. A strong and reliable dryer which mixes perfectly with	

PASSENGER EQUIPMENT, (CONTINUED).

STANDARD TRUCK AND PLATFORM COLORS.

These colors are furnished, ready for use, in 2 forms.

Standard Truck Color in Varnish is ground in a very durable varnish and should be sold wherever price will permit.

High Gloss Truck Color is intended for use where a good gloss finish is desired, and where it is desired to paint more frequently at no greater expense.

Also furnished in paste form, ground in japan or in oil.

THE SHERWIN-WILLIAMS METHOD OF SURFACING CARS.

	Price per gal.
4896 S-W. Co. Car Primer.....	2.30
4897 S-W. Co. Car Surfacer Dark.....	2.30
4898 S-W. Co. Car Surfacer Light.....	2.30

Furnished in 1 gallon pails.

The Primer is for first coat on new wood or on burnt-off cars. It should be allowed to stand two days, on the second of which the car may be putied. In most cases three coats of Surfacer should be applied with a day for each coat. Use Surfacer Dark under reds, greens and all dark colors; Surfacer Light under yellows and light colors. Both Primer and Surfacer may be thinned with pure spirits of turpentine, not more than a quarter pint to a gallon.

4899 Sanding Surfacer Dark.....	2.30
4900 Sanding Surfacer Light.....	2.30

We do not recommend these goods as being so durable as a rub system. They can be used, however, by those accustomed to sanding, with better results than other materials offered for use in the same way. They should be applied exactly as S-W. Co. Car Surfacer, the only difference being that sand paper, instead of rubbing stone, is used for getting the surface.

	Price per lb.
4901 Body Leveling Coat Kalkow.....	2.30
4902 Body Leveling Coat Red.....	2.30
4903 Body Leveling Coat Black.....	2.30

Furnished in 5, 10 and 25 pound pails.

The Sherwin-Williams Body Leveling Coats are for use where a knifing system of Surfacing is preferred. The color to be used depends on the color the cars are to be finished.

These are the best colors, each of their kind possible to produce. It is desirable both from the customers standpoint and our own that these be sold for car body work wherever possible.

THE SHERWIN-WILLIAMS RAILWAY VARNISHES.

- 022** Finest Durable Railway Varnish.....
For finishing coats on cars. This varnish is very durable. It flows out smoothly and evenly and dries with a rich full gloss. Is pale in color.
- 023** Durable Railway Body Varnish.....
For finishing coats on cars. A little quicker and harder drying than the above, it is nevertheless exceedingly durable and will give entirely satisfactory results.
- 024** Finest Durable Railway Rubbing Varnish.....
For under-coats on cars. Tough and durable. Dries hard so that it can be rubbed in three days without sweating.
- 025** Durable Railway Rubbing Varnish.....
For under-coats on cars. Works easily, hardens so as to rub in two days.
- 065** Durable Inside Railway Varnish.....
For interiors of cars. A pale varnish. Dries and hardens quickly and with a full gloss. Can be rubbed. For best results use over The Sherwin-Williams Filter.
- 098** Gold Size Japan.....
This is a superior article, very economical, owing to its strength and is perfectly safe to put in any mixture. It is a binder that can be used with delicate colors. It will facilitate the drying of all under-coats. It is the best possible size for gilding. Safe and certain.
- 069** Coach Painters Japan.....
For drying and hardening paints and colors. Especially adapted for the use of car painters. A thoroughly reliable article.
- 028** Coach Japan.....
For use in oil colors. A strong and reliable dryer which mixes perfectly with oil.
- 12** Excello.....
For general work around waiting rooms, offices, etc. Particularly adapted for inside use. It is an excellent varnish for a rub finish and also takes a high polish. It is a thoroughly good varnish and is just what its name implies, excellent—most excellent.

030 Durable Truck Varnish

Vermilion and Maroon should be applied over a uniform ground of suitable color.

Not to be sold in smaller pkgs. than 25's

Not to be sold in smaller pkgs. than 25's

AJAX INSULATING VARNISH.

Price
per gal. 1.60
5.5 1.50
1.40

.....**R71**.....
Offers greater resistance to high voltage than any similar varnish made. Not affected by moisture, lubricating oil, or high temperature. Prevents surface leakage to the greatest possible extent. Suitable for use on bare metals, bases of porcelain and other switches, brush holders, switchboards, armatures and fields (both during winding and in finishing.) Very elastic and reduces liability of corrosion to a minimum.

Directions.—Can be used both for dipping and brush work. For dipping should be thinned with benzine only. Bakes thoroughly at 195° F. in 5 to 10 hours. Air dries in about 24 hours when exposed to the atmosphere. When used on armatures, drive off all moisture by heating, then apply the varnish immediately.

AJAX INSULATING BLACK.

Price
per gal. 1.40
5.5 1.30
1.20

.....**R74**.....
For similar uses to those indicated for Ajax Insulating Varnish, and can be handled in practically the same manner. Very elastic, withstands high voltage and does not cause corrosion.

FURNACE BLACK.

Furnished in 1 gal., 5 gal. and barrels.

Price
per gal. 75

.....**R337**.....
For such parts of smoke stacks, boiler fronts, etc., as are exposed to extreme heat.

	Red Lead Color	5926
2850	(Extra Heavy White)	3321

*Hull Paint, No. 2801 (Black) is made heavy enough in consistency to admit of thinning, by the addition of one gallon of boiled linseed oil to each gallon of paint.

†Hull Paints Nos. 2812 and 2813 are semi-liquid and may be thinned for first coats by the addition of 3 gallons of boiled linseed oil to each gallon of paint. For second and third coats with from 1½ to 2 gallons boiled linseed oil.

We recommend for first coats the addition of about ¼ pint of turpentine to the paints as thinned above. When one coat only is used, leave out the turpentine.

You can readily see the economy in the use of these goods, and for durability and beauty of finish they can not be excelled.

Marine Paint for Cabins.

Rose Pink	
Outside Special Enamel White	6324 300

The whitest and best enamel white on the market.

Composition for Steel Bottoms.

The S.W. Co. Anti-Fouling Paint.

- 03 No. 1 first coat (Brown) anti-corrosive..... 2.50
 04 No. 2 second coat (Red) anti-fouling..... 3.50

The No. 1 first coat is to be applied over the bare iron or over a coat of red lead or good paint. This coat is an anti-rust paint, and is intended to preserve the iron or steel from rusting, and at the same time form a perfect under-coat for the No. 2, which contains the poison and anti-fouling properties. This composition is ready to use, easy of application, and works very freely under the brush. The No. 2 or finishing coat is a handsome red in color and is in every way, we believe, the best anti-fouling paint in the market.

Copper Paint.

Put up in $\frac{1}{2}$ gal., $\frac{1}{4}$ gal. and 1 gal.

Is prepared especially for preserving wooden vessel bottoms from adhesive worms, barnacles, sea weed, etc. Numbers of tests made prove our Copper Paint to be the best in the market.

Red, brown and green in color. Finely ground, brushes out well and works easily.

Marine Enameloid.

For Inside Enamel Finish.

Is a varnish paint for ceilings and inside use, where a high gloss finish is desired.

Enameloid is the best paint of its kind at any where near the price.

It is made from good materials and ground very fine in specially prepared liquids by powerful machinery.

It works remarkably easy; does not drag; can be applied by most anyone. It cleans easily.

Enameloid comes in eighteen beautiful shades.

DIRECTIONS FOR USE.

Apply Enameloid as it comes from the can, using a soft bristle brush. Stir thoroughly before using. Be sure that the surface is dry and free from grease and dirt. Allow 24 hours between coats.

Enameloid dries free from dust and tack in from six to eight hours. It can be rubbed in 48 hours.

Put up in quart, $\frac{1}{2}$ gallon, and gallon tin cans.

Price.....per gal. 125

Marine Paint for Interiors.

Put up in $\frac{1}{4}$ gal., $\frac{1}{2}$ gal., 1 gal., and 5 gals.

	PRICE PER GAL.
Lavender.....	341
Pea Green.....	312
Light Blue.....	309
Cherry.....	322
Dark Blue.....	310
Vermilion.....	318

Especially adapted for walls, ceilings and the numerous small articles on a vessel requiring a good paint. This is a fine oil paint made from pure materials, mixed ready for immediate use and will dry as quickly as consistent with a good elastic paint. Will be found uniform in beauty of finish as well as in excellence in its drying and wearing qualities.

Marine Paint, Varnish Stain.

Put up in $\frac{1}{4}$ gal., $\frac{1}{2}$ gal. and 1 gal.

	PRICE PER GAL.
Cherry.....	
Oak.....	
Mahogany.....	
Golden Oak.....	
Walnut.....	
Green.....	
Ebony.....	
Ground.....	

Imitates the color of the wood named. Can be used over light colored raw wood or painted surfaces. Stains and varnishes at one operation. The best result can be obtained by the use of our Ground before applying the Stain.

Metastatic.

This is one of the best articles ever put out of our factory. Made especially for use on iron and steel surfaces. It is made in semi-paste form and should be thinned with one gallon of boiled linseed oil to each gallon of paint.

Price, Black.....	27.77	per gal.	00
" Brown.....	26.58	per gal.	00
" Gray.....	27.77	per gal.	00
" Green.....	27.77	per gal.	00

We brand only Black and Brown as Metastatic. Sell Gray and Green as P. M. 5.

Aluminum Paint.

	$\frac{1}{4}$ pt.	$\frac{1}{2}$ pt.	1 pt.	1 qt.	1 gal.
Price.....	15	27	51	96	360

For Engines, Radiators, Steam Pipes, etc.

Is unaffected by moisture or extreme heat, cold, or lubricating oil, is absolutely inert, anti-corrosive, is easily applied and dries quickly.

Marine Liquid Red Lead.

Put up in 1 gal., 5 gal. and bbls.

	PRICE PER GALLON
5779 (Pigment is strictly pure Red Lead).....	1.00

The economy in the use of Steamship Liquid Red Lead on hulls, bulks, smoke stacks, etc., is from the fact that it does not get hard in the package and that consequently there is no waste. All liquid red lead in the market other than our own, when used immediately, becomes hard in the package and subject the consumer to great loss, often as great as 25 per cent.

Adapted also for Structural Iron Work, Bridges, etc.

Marine Paint for Smoke Stacks.

Put up in 25, 50 and bbls.

	PRICE PER GAL.
5898 Smoke Stack Black.....	70
6381-6382 " " Yellow, L.M.D.....	1.80
6383 " " Red.....	"
6384 " " Blue.....	"

These goods are a high grade of paint, and far more durable over heated surfaces than any other in the market.

21 Marine Paint, Engine White.

Put up in 25 1/4s and 25s.

These are goods especially prepared for heated surfaces. They are ground only in paste form and are to be thinned only with Turpentine. When so used they will not turn yellow, but remain perfectly white for a long time.

Price.....per lb. 7 1/4

14 Marine White Lead.

Put up in Kegs, 12 1/4s, 25s, 50s, 100s and 250s.

Our Steamship White Lead is especially prepared for marine use, and is in all respects the best Lead in the market for that purpose. It will be found to be white, of good body and very durable. It is more fine ground than other leads and consequently will be found to be much more economical to use by reason of the increased surface it will cover. It is also especially prepared to resist the destructive action of the water, which tends to decompose most leads so that they soon wash off.

Price.....per lb. 7 1/2

Marine Paint, High Grade Graphite.

Put up in 1s, 5s, and bbls.

The Graphite we use in the manufacture of our paint is the purest and best to be obtained. This paint we have been making for a number of years and with satisfactory results.

Price.....per gal. 1¹⁰

Barge and Lighter Paint.

		PRICE PER GAL.
2851	401	85
2861	417	..
2859	411	..
2858	392	..
2860	413	..
2854	399	..

This paint is made according to well tried formula and contains a proportion of Creosote, rendering it especially adapted for use on barges, lighters, etc., as it is not affected by salt water. It is well known that wood treated with Creosote is not subject to decay. This is entirely suitable for any other building material, such as iron, brick, etc.

Marine Paint for Side Lights.

Signal Red	497	per pke. 2 ⁰
Signal Green	505	per pke. ..

These are bright, handsome colors, put up in 1/4 pint packages, containing sufficient for painting the brackets that hold the side lights. The paint is ground in varnish and dries with a high gloss finish which makes it easy to wipe clean.

Marine Varnishes.

01 Marine Varnish.

Net Price..... 2.50

Is made for general marine use. It's very durable and has a fine lustre. It will not turn white and retains its gloss. We strongly recommend it for all marine work for outside and inside use.

06 Durable Spar Varnish.

Net Price..... 3.25

This is the finest grade of varnish it's possible to make. It will stand the severest exposure, and dries in about twelve hours with a handsome, durable gloss.

01 Kopal.

Net Price..... 2.00

This varnish is for general purposes, and is made for both inside and outside use. It is very durable and elastic. It is remarkably easy working, is excellent for outside doors, boats and other work, where a tough varnish is necessary.

057 No. 1 Furniture.

Net Price..... 1.00

A reliable varnish for furniture and general indoor use.

Nineteen Hundred and Three.**

**THE
SHERWIN-WILLIAMS
COMPANY.**

A REMINDER.

Always treat an order for advertising with as much care as you do an order for merchandise. It costs money and is to be ordered only after thoroughly understanding the wants and possibilities of the agency.

Always write out the order for advertising at the dealer's store. Do not wait till later or you will forget just what he wanted.

Never promise a display feature unless you know just when it will be placed.

Never send the large show cards or small folders unless the agent is handling the line represented.

Don't be too sparing with your supply. We want the agents to have all the advertising they can use to advantage, but we do not want them to have a supply to lay aside in dusty drawers to be wasted.

We would rather send a smaller supply at several different times than an equal amount at one time.

Much depends upon the spirit of the agent, if he is a good advertiser, or in your judgment can be made one, a more liberal allowance should be made.

ADVERTISING.

1903.

S. W. P.

C—Sample Folder, 25 to 25 to each S. W. P. Agent, with business card printed on first page.

C-1—Short C containing 28 colors. Quantities same as C.

C-2—Short C containing 28 colors. Quantities same as C.

C-3—Special S.W.P. Sample Card showing 374, 499, and 498.

CC—Framed Show Card. Full line of Colors. To be given only to agents handling the full line.

CC-1—Framed Show Card, containing same colors as C-1. One to each agent handling the short line.

CC-2—Framed Show Card, containing same colors as C-2. One to each dealer handling the short line.

E—Calendar circular showing illustrations of houses in colors, sent by mail only upon carefully selected lists furnished by agents.

G—Pocket Samples, in case. One only to each home painter using S. W. P.

QQ—Set of 30 business cards for painters using S. W. P.

FLOOR FINISHES.

FF—Display Card, framed under glass. One to each dealer handling two products of the line.
