All –

Attached is EPA's letter to reinitiate informal consultation with NMFS on the registration of chlorpyrifos, diazinon and malathion. EPA would like to send this to NMFS today so please let Nancy know, and copy me on the email, if you have any concerns with the proposed letter. I made a few suggestions that are tracked in the document.

Thank you,  
Chris

Chris Prandoni  
Associate Director for Natural Resources  
Council on Environmental Quality
