Re: Benjamin Esymanski

Dear Mr. Cooper:

We have been advised by Dr. Lanza of the Metropolitan Life Insurance Company that Dr. Irving L. Applebaum of 31 Lincoln Park, Newark, New Jersey, would be a competent medical expert witness in the above case.

We understand that Dr. Applebaum has had experience in asbestosis matters and that he will be able to protect the interests of the Company. Dr. Applebaum has just returned from service with the armed forces.

Mr. Brown has asked me to advise you of Dr. Lanza's recommendation in his absence.

Very truly yours,

Arthur L. Fisk, Jr.

Dear Mr. Fisk:

With respect to our previous correspondence,
I am in receipt of a letter from Dr. Kessler in which he
recommends Dr. Ralph Pomerans, 31 Lincoln Park, Newark, N.J.,
who is a competent Roentgenologist and Pathologist.

Sincerely yours,

Re: Szymanski vs. Johns-Manville
Corporation

Dear Mr. Cooper:

I was very much interested in
yours of July 31 analysing the present
state of the medical testimony with re-
spect to this plaintiff.

I talked to Dr. Lanza and he
expressed to be in a position to suggest a
new doctor within the next few days. When
I hear from him I will communicate with
you farther.

Very truly yours,

Harold E. Brown
General Attorney

Dr. Francis B. Trudeau
President
Trudeau Sanatorium
Trudeau, N. Y.

Dear Dr. Trudeau:

It was good of you to write me as you did under date of December 4, and I am very happy to learn that your Board of Trustees has decided to carry on with the industrial hygiene work to which Dr. Gardner made such a notable contribution.

I was also pleased to learn of the appointment of Dr. Lanza to your Board and I am sure there is no one who can bring you sounder advice upon the problem created by Dr. Gardner's untimely death.

It is noted that Dr. E. H. Packard has been appointed Acting Director of the Foundation and any questions we may have will, for the time being, be directed to him.

Sincerely yours,

Vandiver Brown
Secretary
