Subject: [EXTERNAL] JUST RELEASED: See What's Fueling Texas This Week!

Eric,

The July 28 TXOGA Chartbook is now live! Dive into the full report or read the highlights below to stay up to speed on the numbers shaping Texas energy:

[View the Full Chartbook](#)

✓ Texas energy shows strength

- Oil production held above 5.8 million barrels/day

- Natural gas hit 35.5 billion cubic feet/day – near record highs

✓ **Prices Stay Competitive**

- WTI crude oil stable at \$65.05/barrel
- Natural gas prices fell 13% week-over-week thanks to high storage and mild summer temps

✓ **Natural Gas Powering The Grid**

- Natural gas fueled nearly **49.2%** of ERCOT power during peak periods
