Dear Colleague:

Enclosed you will find this year's second issue
(Volume 3, Number 2) of "The Kettering Abstracts of the
Biological and Related Aspects of Lead and Its Compounds."
We suggest that this be placed in the 1967 binder which
you have previously received. As the pages are numbered
in continuous order for each volume, it will probably be
most helpful to place them in the binder in the same order.

Very truly yours,

Don G. Fowler
