RE: Death Warrant for Patrick C. Hannon

The attached letter was transmitted today to Warden Barry Reddish of Florida State Prison, pertaining to Patrick C. Hannon, who was sentenced to death for the 1991 murders of Brandon Snider and Robert Carter.

On January 10, 1991, Hannon and two codefendants went to the victims' residence. Hannon knocked on the door while one codefendant hid to avoid being seen, and when Snider answered the door, the codefendant attacked him with a knife, repeatedly stabbing him in the chest and abdomen. As the victim screamed for his roommate to call 9-1-1, Hannon took the knife from his codefendant and sliced Snider's throat. The roommate, Carter, came down the stairs of the residence, but upon seeing the situation, fled back upstairs and attempted to hide under his bed. Hannon pursued Carter into his bedroom, where Hannon fatally shot him six times at close range.

The execution date has been set for Wednesday, November 8, 2017, at 6 p.m. Attached is the transmittal letter and death warrant for Patrick C. Hannon.
