INTRA-COMPANY COMMUNICATION

---

SUBJECT

DATE May 21, 1968

TO B. Sheehan

Several weeks ago Leo Dymitro visited our plant to review scrap due to the weld mark situation. If you will recall, I suggested that we would have Leo render an opinion regarding the condition of the material and at that time we would negotiate the scrap charges. Leo offered a verbal opinion to me. I have not heard from Mr. Tarne or you.

Please solicit Mr. Dymitro's report so that we may resolve this matter.
