W. J. Schreiber:
M. M. Weiss:

Because of the demand for REOHH training, we have scheduled four sessions as follows:

April 18-22, 1983	NJ Bell Training Center	South Plainfield, NJ
May 16-20, 1983	BSCTE	Lisle, Illinois
June 20-24, 1983	BSCTE	Lisle, Illinois
June 21, July 1, 1983	BSCTE	Lisle, Illinois

These sessions were scheduled as early as possible in anticipation of increased pre-divestiture activity later in the year which would complicate scheduling.

I have attached a proposed schedule for these four REOHH courses. Please let me know if you have any suggestions, changes, or anticipate any problems with this schedule. In addition, I will need a schedule of your expected arrival and departure dates. I am looking forward to our usual superb effort. Thank you.
