Dear Van:-

I have been away from the city for several weeks and have just returned and, therefore, have been unable to answer your nice letter of July 20th on the subject of asbestos dust experiments.

Dr. Gardner's letter is most interesting and informative and I am very hopeful that he will obtain the desired results. Every indication points to his success.

I thank you very much, Van, for sending this information on to me.

Sincerely,

LJS:S.
