

LEAD INDUSTRIES ASSOCIATION, INC.

292 MADISON AVENUE

NEW YORK 17, N.Y.

January 17, 1963

Subject: Notice of Next Meeting

To Members of the Health and Safety Committee:

Our meeting conflict has been resolved and we are now able to schedule a committee meeting for the time originally suggested at our last meeting in Chicago.

The meeting is scheduled for Thursday, February 28, 1963 at Cincinnati, Ohio. This is the day following the Kettering Symposium on Lead, so that it should be most convenient for you to stay over one extra day.

An agenda and supplementary material will be sent later.

Very truly yours,

Don Fowler
