Hi Virginia, Tim, Meg, and Micah,
FYI, I plan on making about a 20-25 minute presentation on Wednesday, which will mostly be a recitation of ongoing DOI activity in the Great Lakes Basin, peppered with some general language about how the Administration looks forward to working closely with the governors and tribes of the Great Lakes states, and how we care about jobs, outdoor recreation opportunities, and environmental quality in the region. Any and all other or different ideas are welcome. I expect that Hill staff will also be in the audience, although they don't appear on the attached registration list.

Thanks,
Scott
