Internal
Memorandum

→ 1. Edith Scherer *K:B*
2. File McCullough
Services of Baroid
Date: September 18, 1979

To: File

Unit:

From: Tom Rivoire

Unit: OGC-Law (Houston)

Subject: McCullough Services of Baroid, Inc.)

McCullough Services of Baroid, Inc. is a Texas corporation which is also qualified to do business in the State of California. The sole activity carried on by this corporation is to hold radio licenses for the NL McCullough division of NL Industries, Inc. in the same manner Radio Baroid, Inc. holds radio licenses for the NL Baroid division of NL Industries, Inc.

As new radio licenses are needed and as existing radio licenses are renewed, Carl Curry is putting such licenses in Radio Baroid. By August 1981 McCullough Services of Baroid, Inc. will no longer hold any licenses and can be dissolved. To dissolve McCullough Services of Baroid, Inc. or to merge it into Radio Baroid, Inc. prior to that time would involve a great deal of clerical work in switching radio licenses. Accordingly, please note on your files to dissolve this corporation in August 1981.

In the meantime, OGC-Houston is withdrawing McCullough Services of Baroid, Inc.'s qualification to do business in California.
