Dr. Elmer P. Wheeler, Manager
Environmental Health Medical Department
Monsanto Company
800 N. Lindberg Street
St. Louis, Missouri 63166

Dear Dr. Wheeler:

When I came across the enclosed article, I was reminded of our discussions last year about the thermal degradation of chlorinated biphenyls. I thought that this article on similar materials might be of interest, and I am sending this copy in case you do not have one already.

Sincerely yours,

Bob Day
