Subject: Fwd: Upcoming Alaska Issues in Focus report

Daves,

I spoke with Meg Coleman of EIA last Friday evening and she kindly offered to write about how (b) (5). Don't know if it'll help but it certainly can't hurt...

Walter

Walter,

That would be a nice addition to the section on who uses it (indeed, I just added it in the attached).

Many thanks to Dave for doing a great job of providing responses to the Deputy Secretary's questions. I have done a first pass at editing, combining a couple of the questions/answers.

The part that needs fleshing out is the options -- that part of my scribbles wasn't at all clear, and I should have circled back sooner. Bernhardt wanted us to come forward with several options on how to proceed. (b) (5)

If you and Dave are available, I could chat at 1:30 or 3:30 (or later) today if it would be helpful to explain the above.

Thanks, Dave

Walter,

That would be a nice addition to the section on who uses it (indeed, I just added it in the attached).

Many thanks to Dave for doing a great job of providing responses to the Deputy Secretary's questions. I have done a first pass at editing, combining a couple of the questions/answers.

The part that needs fleshing out is the options -- that part of my scribbles wasn't at all clear, and I should have circled back sooner. Bernhardt wanted us to come forward with several options on how to proceed. (b) (5)

[REDACTED]

If you and Dave are available, I could chat at 1:30 or 3:30 (or later) today if it would be helpful to explain the above.

Thanks, Dave

Meg, I can give you a call today if you've got a few minutes. I'm leaving for Greenland Sunday and won't be back until Mar 5 (as you probably saw from my auto reply). Thanks...
