Re: PFOA TSCA 8(e) Reporting Issues

CONTAINS NO CBI

Dear Mr. Hefter:

As a supplement to our prior letters, including letters dated July 3, 2003, and July 31, 2003, regarding DuPont's reporting of PFOA drinking water contamination data to USEPA under TSCA, we enclose copies of additional documents on such matters, including e-mails exchanged among DuPont's in-house counsel, Bernie Reilly, Andrea Malinowski, and John Bowman. These documents also reveal the extent to which both DuPont's and The 3M Company's counsel were involved in preparation of a January 2002 Environ Report submitted to USEPA, which proposed a 14 ppb safety level for PFOA in drinking water.

Very truly yours,

Robert A. Bilott
