

June 1, 1928

Mr. E. W. Webb,
Ethyl Gasoline Corp.,
25 Broadway,
New York City.

Dear Mr. Webb:

I received the copy of testimony given before the British Committee and have gone over it. It is very interesting and I am sure that you must feel like congratulating yourselves on the manner in which things have gone. It seems to me that everything is in excellent condition, and that there ought to be no obstacle to obtaining a favorable report at an early date.

Thank you very much for sending this to me. I should be pleased to have a copy of it when such is available.

I return the copy herewith.

Sincerely yours,

RAK:EJ
