Facts & Figures of the U.S. Plastics Industry: The Authoritative Source of Data on Plastics.

If you need quick access to statistical data on the U.S. plastics industry, you'll want to order the latest edition of SPI's *Facts & Figures of the U.S. Plastics Industry*. Compiled from data collected by SPI's Committee on Resin Statistics and other sources, *Facts & Figures* is the authoritative source of information on resins, markets and economic data for plastics.

MAJOR MARKETS

Facts & Figures' analysis of major markets for plastics resins reports total resins sales & captive use, comparative percentage distribution and percentage change in sales and use for the following markets: transportation; packaging; building/construction; electrical/electronic (including appliances); furniture and furnishings; consumer and institutional products; adhesives, inks and coatings; industrial/machinery; and exports.

RESIN STATISTICS

Facts & Figures' resin report covers total U.S. production and sales and captive use from 1965 through 1990, including compound growth rates. You also get tables on plastics resin domestic merchant sales in dollars and pounds and apparent U.S. consumption of selected plastic resins.

The detailed reports on major thermoset and thermoplastic resins include a list of manufacturers, 10 years of data on production, sales and captive use, plus 5 years of data on domestic consumption by end-use and distribution by major market. A list of typical applications is given for each resin.

The resin report also provides a table showing domestic sales and use of selected thermoplastics by process grade, including injection molding, extrusion, blow molding and other.

AND MUCH MORE...

In addition to the resin statistics, *Facts & Figures* also offers information on plastics recycling; data on shipments of composites and vinyl siding and soffit; plastics machinery sales and shipments; and general economic and financial data such as a comparison of the 25 largest manufacturing industries; U.S.

Government data on value of shipments, employment and wages for materials and fabricated plastics products; financial data for processors; derivation of plastics resins from feedstocks and a history of the plastics industry.

No other report on the U.S. plastics industry gives you this amount of information in one convenient volume. Put the facts about plastics—resins, end-uses, machinery and more—on your desk now. Order your copy of *Facts & Figures of the U.S. Plastics Industry* today.

Order Form

Please send me _____ copies of SPI's 1991 edition of *Facts & Figures of the U.S. Plastics Industry*. I've enclosed \$_____ in payment of my order.

Name _____

Company _____

Address _____

City _____ State _____ Zip _____

Telephone _____

I wish to pay by: ☐ MasterCard ☐ Visa

Account Number _____

Expiration Date _____ Signature _____

Qty.	SPI Members	Non-Members
1-10:	\$85.00	\$170.00
11+:	\$60.00	\$120.00

Be sure to enclose check made payable to SPI or include credit card information. All orders must be prepaid. We are sorry we are unable to invoice

Please supply street address if possible. See chart for postage and handling fees. Please allow 2-4 weeks for delivery; if funds are wire-transferred, allow 8-10 weeks.

Postage and Handling Fees:

Total Price of Order	Domestic Fee	Overseas Fee
\$0.00 - \$10.00	\$2.00	\$20.00
\$10.01 - \$50.00	\$4.00	\$30.00
\$50.01 - \$100.00	\$8.00	\$40.00
\$100.01+	\$10.00	20% of Total or \$50.00 whichever is greater
