Ms. Wendy K. Sherman
Manager, Vinyl Chloride Health Committee
Chemical Manufacturers Association
1300 Wilson Boulevard
Arlington, Virginia 22209

Dear Ms. Sherman:

Many thanks for Chemical Manufacturers Association's recent gift of \$25,000 to the Department of Environmental Sciences and Engineering at the School of Public Health. As requested, that gift has been designated to support the research activities of Professor James Swenberg.

Strong private support is essential as the School pursues its mission of promoting health and preventing disease in North Carolina and around the world. By helping us sustain the outstanding teaching, research, and service that has become a Carolina tradition, Chemical Manufacturers Association makes a vital contribution to that mission.

In behalf of all who will benefit because of your support, please accept my sincere thanks.

With best regards,

Douglas A. White
Associate Dean and Director for External Affairs
