Dear Permanent Representative to the EU,

On behalf of the civil society organisation signatories I would like to share with you the attached letter asking to strengthen the water legislation to increase protection from pesticide pollution.

We appreciate your attention to this important issue and hope for your support in advocating for stronger water protection laws. Please do not hesitate to reach out to us if you wish to discuss our recommendations and views.

Thank you for your consideration and for your services.

Kind regards,

Angeliki Lysimachou, PhD
