August 22, 1978

TO ALL EMPLOYEES:

The mobile health unit will be in the plant Wednesday, September 27th through Friday, September 29th to conduct the medical surveillance testing. Testing will be completed on those days, with the exception of employees excused due to illness.

For those employees who will be working the midnight shift, blood will be taken just prior to beginning of that shift. It will not be necessary to fast through the night as before.

Employees will be notified by Friday, Sept. 22nd as to the time of scheduled appointment. If you do not have an appointment by 0800 Monday, Sept. 25th, please stop in dispensary so that you will be placed on the schedule.

Division of UNIROYAL, Inc.

March 6, 1978

NOTICE TO ALL EMPLOYEES:

Subject: Expanded Medical Surveillance

During the month of March, all employees with AN exposure and over 40 years of age will be contacted and scheduled by the Medical Department to participate in an expanded medical surveillance program.

All affected employees will start this program by participating in an occult blood test. Hemoccult slide kits and instructions for their use will be distributed during the week of March 6, 1978.

Plans for the proctosigmoidoscopy are being formulated to be conducted at an off-site medical facility during the latter part of March.

The plant Medical Department will contact each participating employee regarding scheduling or any questions regarding the above tests.
