COLUMBIA-SOUTHERN
CHEMICAL CORPORATION
SUBSIDIARY OF PITTSBURGH PLATE GLASS COMPANY
P O BOX 900
LAKE CHARLES, LA.

February 14, 1955

Mr. T. R. Donoghue, Safety Director
Pittsburgh Plate Glass Company
1 Gateway Center
Pittsburgh, Pennsylvania

Subject: National Safety
Council Contest

Dear Jiggs:

We are entering our Lake Charles unit in the safety contest of the Chemical Section of the National Safety Council and will forward reports to them each month.

Thanks for sending us a supply of forms.

Very truly yours,

COLUMBIA-SOUTHERN CHEMICAL CORPORATION

J. E. Morrison
Safety & Training Director

PITTSBURGH PA 15222

This ANNUAL SUMMARY will be used by the Council for:

1. If unit reports monthly in a section contest, totals in heavy outlined boxes serve as the December report.
 2. Evaluation under the AWARD PLAN.
 3. Inclusion in INDUSTRY RATES of reporters to the Council.
- All occupational injury and illness data to be reported in accordance with the RECORDKEEPING REQUIREMENTS UNDER THE OSHA of 1970 (revised 1978). All data will be held confidential.

2. UNIT NAME

PPG INDUSTRIES CHEMICAL DV LAKE CHARLES LA

3. SIC (industry classification)

2812-0 ALKALIES AND CHLORINE

4. KEY NUMBER and CONTEST

550437 0 0 03 01 01 CHEMICAL 11

3a. Enter industry, specific product or service:

5. UNIT RECORD

SEE REVERSE SIDE

AVERAGE NUMBER OF EMPLOYEES	ANNUAL EMPLOYEE HOURS	TOTAL CASES	DEATHS	LOST WORKDAY CASES				NONFATAL CASES WITHOUT LOST WORKDAYS
				Total Lost Workday Cases	Cases Involving Days Away From Work	Days Away From Work	Days of Restricted Work Activity	
				1978 entries for columns must be combined from total line columns on OSHA 200 Log and Summary (Revised 1978 as marked below). This is necessary because OSHA No. 200 records injuries and illnesses separately.				
		1 + 2 + 6 + 8 + 9 + 13	1 + 8	2 + 9	3 + 10	4 + 11	5 + 12	6 + 13
1,875	3,600,799	74	0	35	6	415	337	39

Prior years needed for award evaluation

1975-1977 columns 1-7 correspond to columns 1-7 of OSHA No. 102 Annual Summary (revised 1975).

		1	2	3	4	5	6	7	
1977		3,288,446	43	0	16	3	406	369	27

	1975	1294	2,445,513	37	0	0	0	0	126	29	0

Dear Council Member:

We ask your cooperation in this *one time only* request for 1975 and 1976 occupational injury and illness data. This mailing is directed to the nearly 12,000 units which registered this past year for participation in the revised AWARD PLAN and INDUSTRY RATES programs. Nearly 8,000 of these units also registered to participate in one of the 25 section SAFETY CONTESTS.

These revised programs involve reporting occupational injuries and illnesses in accordance with the Recordkeeping Requirements of the OSHA Act of 1970 (revised 1975), rather than the ANSI Z16.1 Standard. Also, the Standard Industrial Classification codes have been adopted as the basis of industrial classification of annual reports, replacing the former industrial classification system which had become inadequate.

Neither the classification of cases nor the industrial classification under the new system is compatible with the old system. Therefore, this prior data is needed to:

1. Provide the necessary minimum of two prior years industry average incidence rates for evaluation under the Award Plan of 1977 records to be collected at the end of this year.
2. Furnish a minimum of three years experience for publication in ACCIDENT FACTS and in the new INDUSTRY RATES annual pamphlet series.
3. Select the Standard Industrial Classification categories for which incidence rates will be published and used for award evaluation. The number of units reporting in each industry category and the amount of exposure will be the basis of this selection.

Most United States employers keep records under the OSHA Act, and the injury and illness data requested above can be copied directly from their OSHA No. 102 Annual Summaries for 1975 and 1976.

This initial solicitation of data provides an opportunity for your review of our classification of your unit, based on your Registration form. Let us know of any questions you have regarding the various classifications, particularly your SIC industry classification. Also, registration forms will be furnished upon request for any additional units you wish to report next year for 1977.

Please share your 1975 and 1976 data with us, if it is available.

Thank you,

J. L. Recht, Manager
Statistics Department

BB 0013713

Publications to be used in compiling these occupational injury and illness records: RECORDKEEPING REQUIREMENTS UNDER THE OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970 (revised 1975). U. S. Department of Labor, Occupational Safety and Health Administration. U.S. employers may obtain copies from Regional Offices of U.S. Department of Labor. The National Safety Council will furnish a copy to non U.S. employers upon request. GUIDELINES FOR REPORTING OCCUPATIONAL INJURIES AND ILLNESSES TO THE NATIONAL SAFETY COUNCIL, USING OSHA RECORDKEEPING REQUIREMENTS. Single copies will be furnished free upon request.

PPG INDUSTRIES INC
CHEMICAL DIVISION
LAKE CHARLES LA

The report of injury experience sent to the National Safety Council for the above unit has been evaluated in accordance with the procedure set forth in the Council's Award Plan for Recognizing Good Industrial Safety Records. The results of that evaluation are listed below:

	FREQUENCY	SEVERITY
1. This unit's injury rates for 1975 _____	.00	0
2. This unit's injury rates for 3 prior years _____	.59	10
3. CHLORINE AND ALKALI Industry 1972-74 Rates _____	2.05	413
4. PAR Rates ($\frac{1}{2}$ the sum of lines 2 and 3) _____	1.32	212
5. Percent this unit rates for 1975 better than PAR. (W = worse than PAR)	100%	100%
6. Percent better than PAR required for this unit to achieve the	{ Award of Merit _____ ** ** Award of Honor _____ ** **	

7. ** If asterisks are shown on the Award of Merit and Award of Honor lines in Item 6, this means the requirements are not appropriate for this unit, which earned the Award indicated below for operating without a disabling injury during 3,216,464 man hours, from 09/04/74 to 12/31/75

AWARD EARNED

If an award is indicated below, it has been earned on the basis of a comparison with PAR as shown in lines 5 and 6, or on the basis of the perfect record shown on line 7 if the PAR comparison is noted as not being appropriate. If the requirements for an award have not been met, this is indicated below in the box at the right.

A copy of the award plan is available on request.

NATIONAL SAFETY COUNCIL

EVALUATION OF INJURY RATES

for

PITTSBURGH PLATE GLASS CO SOUTHERN ALKALI CORP LAKE CHARLES LA

The report of injury experience sent to the National Safety Council for the above unit has been evaluated in accordance with the procedure set forth in the Council's Award Plan for Recognizing Good Industrial Safety Records. The results of that evaluation are listed below:

	FREQUENCY	SEVERITY
1. This unit's injury rates for 1962 _____	3.74	342
2. This unit's injury rates for 3 prior years _____	2.07	164
3. CHLORINE AND ALKALI Industry 1959-61 Rates _____	3.60	605
4. PAR Rates ($\frac{1}{2}$ the sum of lines 2 and 3) _____	2.84	385
5. Percent this unit rates for 1962 better than PAR. (W = worse than PAR)	W	11%
6. Percent better than PAR required for this unit to achieve the	{ Award of Merit _____ Award of Honor _____	100% 10%
		100% 30%

7. ** If asterisks are shown on the Award of Merit and Award of Honor lines in Item 6, this means the requirements are not appropriate for this unit, which earned the Award indicated below for operating without a disabling injury during
man hours, from _____ to _____

AWARD EARNED

If an award is indicated below, it has been earned on the basis of a comparison with PAR as shown on lines 5 and 6, or on the basis of the perfect record shown on line 7 if the PAR comparison is noted as not being appropriate. If the requirements for an award have not been met, this is indicated below in the box at the right.

A copy of the award plan is available on request.
