Hi Michael,

Thanks so much for your email. I needed to confirm some information so I appreciate your patience. Please see the attached and let me know if there is anything additional needed at this time.

Kindest Regards,

Venus

Subject: OECA Responses

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Venus, Felipe

Hope you are doing well on what seems like the first fallish kind of day of the year. Wanted to follow up and see if you had the responses from OECA to the questions we had submitted regarding how to engage with the signatories of the air consent agreements and their obligations under those agreements once final air emissions estimating factors are published. When we met a couple of weeks ago, you indicated that you had responses back and would be able to share them.

We have a meeting of our environmental committee this week and was hoping to be able to share those responses and begin to understand them and get a head start on working on how the EEMs will be implemented when finally released.

Thanks!

Michael Formica
