Mr. Walter S. Paine, Manager
The Aetna Casualty and Surety Company
Engineering and Inspection Department
Hartford, Connecticut

Dear Mr. Paine:

I am sending you under separate cover ten copies of the Minimum Requirements for Safety and Industrial Health in Contract Shipyards, which you requested in your letter of March 9, 1943. I think we had better handle the situation this way, since our own stock of five thousand copies is almost completely exhausted and the Government Printing Office does not yet have its own stock available.

Thanks for your kind letter. Dan Ring was very appreciative of your remarks regarding the job which we here in the division did in connection with the Minimum Requirements.

With kind personal regards, I am,

Cordially yours,

John M. Roche
