SUBJECT AROCLOR IMPORTS

REFERENCE Memo, HSB/JSH 6/16/70

TO : Mr. H. S. Bergen - HBERG

CC: J. S. Harris - JHARR
D. A. Olson - DOLSO
H. A. Hashbarger - HHASH
M. S. McCauley - Washington DC

So far I have not found any Aroclor type materials imported into the U. S. Both Matt McCauley and I again reviewed the SOCMA bulletins which cover chemical imports on a bi-weekly publication schedule. Nothing was found under the generic names or the foreign trade names listed in John Harris' memo.

We will continue to examine the reports and will let you know immediately if any chlorinated biphenyls appear as imports.
