Dear Dr. Machle:

We are quoting the following letter which we have received from the Socony Vacuum Oil Company, 400 Kingsland Avenue, Brooklyn, New York:

"On Saturday April 17th, we gave your representative, Mr. E. O. Jones, 1 sample of sludge and 1 sample of tank scale from 78 tank. This tank has been in service as a Q Fluid mixing tank.

"We would very much appreciate analysis on the above samples after they have gone thru your laboratory."

We should appreciate your furnishing us with the analysis, or communicate with Socony direct, in which event please let us know.

Very truly yours,

gcl
