Dear Nancy:

I wanted to thank you personally for your participation in yesterday's *TSCA Reform: One Year Later* program sponsored by Bergeson & Campbell, P.C. and the Environmental Defense Fund and hosted by the Milken Institute School of Public Health at George Washington University and the Environmental Law Institute. Many people remarked to me how clear and compelling your remarks were, and how elegantly you responded to some of the questions and issues presented.

We believe the program achieved its intended goal -- to bring stakeholders together to celebrate the reform of TSCA, and to discuss its ongoing implementation. We could only achieve this goal with your participation and others from the U.S. Environmental Protection Agency, and we greatly appreciate your generous contribution of time, energy, intellectual rigor, and devotion to TSCA.

Thanks again.

Sincerely,

Lynn L. Bergeson
