SUBJECT: Notebook Update

Enclosed are several items to include in your Partners Program handbook. Some are updates of documents developed previously; some are altogether new. Here's a complete list:

1. Partners Program Sample Presentation -- without Video. (Replaces version dated 12/92.)
2. Partners Program Sample Presentation -- with Video. (Replaces version dated 12/92.)
3. Available from the Vinyl Institute -- Revised July 1995. (Replaces version dated May 1994.)
4. Vinyl Is A Small, Manageable Part of the Solid Waste Stream. (Replaces version dated 7/94.)
5. Vinyl Plastics: Dioxin Production in Perspective. (Replaces version dated 7/94.)
6. PVC's Environmental Profile: Fallacy vs. Fact. (Replaces version dated 7/93.)
7. Combustion Products of Vinyl and Other Building Materials. (Replaces Fire Properties of Polyvinyl Chloride dated 1989.)
8. About PVC and the PVC Industry. (New)
9. Environmental Profile: Facts About Recycling PVC. (New)
10. Environmental Profile: Facts About the Safety of Incinerating PVC Wastes. (New)
11. Environmental Profile: Facts About the Safe Manufacture of PVC. (New)

As with everything else in your Partners Program handbook, these items have been designed to assist you in your outreach efforts as you spread the word about the important role vinyl products play in today's society. If you have any questions, or need additional information or assistance, please let me know.
