The Application for Reconsideration is granted, and the order of October 14, 1960 is vacated. The date of disability is fixed as November 15, 1960, the date claimant quit work on account of this disability. The Claim is allowed for asbestosis. The Administrator finds that claimant is permanently and totally disabled by reason of said disability in and by itself. The Administrator recognizes, however, that claimant has other disabilities which have been effected by this totally disabling asbestosis; that permanent and total disability compensation is granted from November 15, 1960 and shall continue without interruption unless future facts and circumstances warrant a change; that that any special finding or order written hereon supercedes any printed matter in conflict therewith. medical bills for such disability are approved.
