**Subject:** Follow Up

Hello Michael and Jess – thank you for speaking with us this week. We appreciate the conversation and look forward to working with you in this Administration.

Sharing a few follow-ups below from our side:

1. The Burgoon Paper is linked here:  
<https://www.sciencedirect.com/science/article/pii/S0273230023001708?via%3Dihub>
- a. **Thank you for the offer to meet with your staff. Can we look at dates the week on March 10 or March 17?**
2. Per our conversation on essential use and defense applications, I am attaching here DOD's report to Congress on Critical PFAS Use. We have even more specific examples that we are happy to share with you.
3. Attaching some collateral from the U.S. Chamber of Commerce's *Essential Chemistry for America* Campaign, which focuses on critical use of PFAS across various industries. This report looks at the economic impact and benefits of these chemistries.

Michael – I know we discussed a couple of follow-up contacts in the meeting. Can you just send those my way whenever you have them?

My cell is below – call or text if easier to get ahold of me that way.

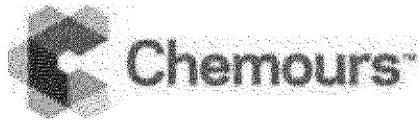

Best,  
Mary
