Dear Dr. Closson:

Per our phone conversation of 4/23/76, I am enclosing copies of the X-ray interpretations involving 10 employees which we wish you to perform comprehensive medical examinations on. This is to allow you the opportunity to become familiar with the findings regarding each employee. I shall leave to your discretion what particular tests you may wish to perform.

In general Maremont Corporation wishes you to:

A. Perform a comprehensive medical examination including any pulmonary or related testing you feel necessary to determine whether there has been any degradation in health.

B. Supply Maremont Corporation with individual written reports showing the results of all tests performed and your statement as to the physical well being of each employee.

All billing to be sent to Maremont Corporation.

Your cooperation in this matter is greatly appreciated.

Sincerely,

A. P. Staszak
