

CHEMICAL MANUFACTURERS ASSOCIATION

September 25, 1995

Dear Vinyl Chloride Health Committee Members:

Comments from the ATSDR on the developmental/reproductive effects study protocol are enclosed. I will request Bill Breslin of Dow to prepare a revised protocol based on the comments and a response on items that cannot be incorporated in the protocol. I will send you the revised protocol and the response for your review prior to submission to ATSDR.

Sincerely,

A handwritten signature in dark ink, appearing to read "Has Shah", written in a cursive style.

Hasmukh Shah
Manager, Vinyl Chloride Health Committee
