

1 Court now?

2 MR. WILLIAMS: I suspect that, based upon
3 Mr. Ignatowski's last questions about whether or not
4 friction products contained amosite and crocidolite,
5 has probably opened the door to get in some questions
6 that might have been, otherwise, the subject of one of
7 your prior rulings.

8 THE COURT: The objection that I previously
9 sustained will stay sustained.

10 MR. WILLIAMS: Your Honor, we will just
11 offer the appropriate proffer at the appropriate time
12 then.

13 No questions then.

14 THE COURT: Thank you. Dr. Hammar, you may
15 be excused at this time.

16 (Whereupon, witness excused.)

17 THE COURT: Ladies and gentlemen, we will
18 take our luncheon recess at this time. Return to the
19 jury room at about 10 to 2 and we will begin at 2
20 o'clock.

21 Have a good lunch.
