Dear Emmet:

Rex has given me your letter of April 11, 1966 for reply.

We are delighted that you will be with us at the meeting in Cincinnati. I plan to have an agenda completed yet this week and will forward a copy to you. We will make one hotel reservation for you, as your letter indicates.

I am sure you will be interested in knowing that to date we have received favorable replies from Union Carbide, British Geon, and Imperial Chemical Industries, Limited. We anticipate a similar reply any day from Solvay.

Rex and I plan to arrive at the Terrace Hilton the afternoon of June 5 and look forward to seeing you late that afternoon or early evening.

Very truly yours,

Dear Rex:

Thank you for your note of April 7, inviting Monsanto representatives to the meeting at the Terrace Hilton in Cincinnati.

I will be there and it may be that Mr. George Ingle, of our Springfield location, will also be there but if not we will try to have someone from our Addyston, Ohio operations present. In the latter case, hotel reservations for him would not be needed. If anyone besides me comes who will need hotel reservations, I will have them get in touch with you immediately.

The only other comment I have to make is that we have not had any other positive X-rays besides the one Dr. Nessell sent you from Springfield. We plan to re-X-ray this individual on April 25 and will send you that film also.

Cordially,

R. Emmet Kelly, M. D.
Medical Director
