SUBJ: CUSTOMER LETTER TO DISTRIBUTE REVISED BUTADIENE MSDS

VISTA

The revised MSDS for BD needs to be sent to all Butadiene customers. Attached is the cover letter I am proposing to use for the distribution.

Please provide any comments you have on the letter to me by July 9.

Date

Butadiene Customer

Dear _____:

Vista has made revisions to our Butadiene Concentrate Material Safety Data Sheet. This letter is to provide you with a copy of the revised MSDS and to describe the change.

The change made is in Section 5 - Health Hazard Information - Toxicity Data. Vista had previously indicated the results of a rat inhalation study resulting in mammary and testicular tumors. Vista has become aware of additional toxicological and epidemiological data that indicates other potential sites for carcinogenic effects. This information is now summarized as well in the toxicity data section.

Please call Dr. David Penney at 512-588-2468 if you have questions regarding this information.

Sincerely,

T. G. Grumbles
Manager, Environmental Affairs
