Chairman

Mark S. Sutton
International Paper Company
Chair, Energy and
Environment Committee

Joshua Borten
President & CEO

On behalf of Business Roundtable, it is my pleasure to invite you to meet with the Business Roundtable Energy and Environment Committee on Wednesday, June 6 from 9:00 a.m. to 9:45 a.m. ET. The meeting will take place at the Business Roundtable offices in Washington, DC.

If you are able to join us, we would like you to provide opening comments for up to 10 minutes, followed by 30 minutes of discussion.

Business Roundtable CEOs lead America's largest companies and represent a variety of economic sectors, from manufacturing to financial services, from energy production to health care. The Energy and Environment Committee is particularly focused on those regulations which will have significant economic consequences and broad cross-sectoral impact, such as the regulation of surface ozone levels and "New Source Review". However, individual CEOs may also be interested in regulations that impact their particular industries.

We hope you will join us on June 6. Please contact Matt Sonnesyn of the Business Roundtable staff (msonnesyn@brt.org) if you have any questions and to confirm your attendance.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark Sutton'.
