RE: MIDLAND SUBMISSION 8510A25M

Dear Dr. Ripley:

Stephen D. Morris, The Dexter Corporation, Midland Division has requested that we supply you with the composition of Geon 121A and Geon 178 in reference to their submission 8510A25M.

Both Geon 121A and Geon 178 are homopolymer polyvinyl chloride (PVC) resins which meet the U.S. Food and Drug Administration requirements for prior sanctioned PVC resins for use in food contact applications.

I trust this information will be sufficient for your evaluation of the Dexter Corporation's application.

Sincerely,

THE BF GOODRICH COMPANY
