Fernanda Giannasi

Peg,

I am trying to follow up on my request for AFL-CIO support for Fernanda Giannasi in opposing criminal proceedings initiated by the asbestos industry. In notes to Alan Dalton at the Transport & General Workers Union (UK), Laurent Vogel (European Trade Union Technical Bureau for Health and Safety, Brussels) says "Here we too are campaigning for Fernanda Giannasi." Peg Green of ICEM writes to Dalton, "I think your initiative regarding the plight of Fernanda Giannasi is excellent."

Please give me a call about this.

Barry
