

1 studies that you've seen on that same work
2 practice elsewhere?

3 A Well, you're assuming how they
4 measured what's contained in the last
5 paragraph. I don't think that's an appropriate
6 assumption.

7 Q Take a look at the table there, and
8 tell me whether or not the numbers in the table
9 match the numbers in the last paragraph.

10 A The last paragraph.

11 Q Or if you can tell. I'm sorry. The
12 last --

13 A The last paragraph?

14 Q Not the last paragraph. The last
15 page. The highlighted portion of the last
16 page. Are those numbers found in that table in
17 the middle page?

18 A 6.6, 29.8 --

19 Q If they're not, I'll give up.

20 A 6.6 -- in which column? The
21 nanograms per cubic meter by electron
22 microscopy or the optical microscopy?

23 Q Let me take a look and see. That's --

24 A They're not in the optical
25 microscopy.
