Nominees, 1980-81

REFERENCE

TO : J. A. Glass

As you requested, we are submitting a list of names to be considered as members for the Office Safety Committee. We recommend the required number of members be chosen from the different areas; we have listed several names from each area for your consideration. The present committee is a good representation from the different buildings, floors, zones, etc. of the plant, and we feel this helps in planning the committee's work by being aware of the scattered situations, suggestions and needs in the many office locations.

The committee also recommends that two members of the present committee be held over for another term. It is our consensus that the new committee could be more effective with the help of the two knowledgeable and experienced members. Glendora Hill, Peggy Wansbrough and Dorothy Bibby have all indicated they would be willing to serve another year.

We have enjoyed serving on the Office Safety Committee for the past two years, and believe that we have had the opportunity of presenting interesting and beneficial safety programs.
