Dear Mr. Watson:

Replying to your July 30th memorandum about the application for membership in MCA by Southern Alkali Corporation, this concern supplies us with some of our raw materials from time to time, so we are acquainted with a number of Southern Alkali Corporation's management group.

In my opinion this corporation would be a desirable addition to the membership of MCA and I trust the corporation will be elected to such membership.

Very truly yours,

A. E. Marshall, President
