

In the Index to Modern Equipment are complete detailed listings of heating, ventilating and air conditioning equipment and materials.

Arranged alphabetically according to names of products are more than 300 items listing not only those products shown in the Catalog Data Section but also many other products made by the manufacturers represented in The Guide.

On pages 1137-1160, under each index heading—Air Cleaning Equipment, Fans, Humidifiers, Ventilators, etc.—will be found, fully cross-indexed, a complete list of manufacturers of any desired products and page numbers in the Catalog Data Section where the products are described. By reference to these index headings, the manufacturers names and the page numbers, any item of equipment or materials may be located quickly.

On page 859 are page references to the various sub-divisions of manufacturers catalog data, and on pages 859-864 will be found an alphabetical list of manufacturers whose products are shown in the Catalog Data Section.
